Clubhouse Bright Stars is a fun and engaging program where children will get the opportunity to participate in art and sensory activities along with outside play to help support motor development. We'll exercise our imaginations through interactive songs, games, food projects, and colorful arts and crafts. Theme-related activities each month include story time, music and movement, arts & crafts, simple science, outdoor play, and exploration. Here at Bright Stars, our environment is play-based and set up to encourage growth and development. Your child will also be given the opportunity to socialize with other children and learn valuable social skills. We can't wait to meet you!
